

COMMUNITY SOLAR GREEN BUSINESS AMBASSADOR PROGRAM

Community Solar Powered

Made by and for the local community

Business Name

What is the New Jersey Community Solar Program?

Community Solar is a New Jersey Board of Public Utilities Clean Energy Program that provides a way for residents to share the **cost-saving** benefits of solar energy without the hassle or expense of installing panels on their property. Large solar projects are built to power nearby homes. Residents then instruct their utility to source their electricity from the **discounted local clean energy source without installations, fees, long-term commitments, or third-party providers**.

Benefits of Signing Up for the Community Solar Green Business Ambassador Program:

1. **SAVINGS:** Share 25% solar savings with employees through an Employee Community Solar Enrollment program
2. **SUSTAINABILITY:** Support local clean energy initiatives at no cost to your business
3. **RECOGNITION:** Receive recognition for your support and engagement for the Community Solar Program
